Mid-Coastal California Perinatal Outreach Program

The Mid-Coastal California Perinatal Outreach Program (MCCPOP) is located in the Department of Pediatrics, Division of Neonatal and Developmental Medicine, at Stanford University. MCCPOP collaborates closely with the Charles B. and Ann L. Johnson Center for Pregnancy, and Newborn Services at Lucile Packard Children’s Hospital (LPCH). The Johnson Center, housed in the only Children’s Hospital in the Bay Area, - and one of the few in the United States - offers obstetrical, neonatal and developmental medicine services all at one location.

A Continuing Medical Education Activity

Statement of Need

This CME conference will provide current up-to-date advances in maternal, fetal and neonatal medicine. The faculty will present a variety of topics through lectures, panel presentations and case-based discussions. Topics will include opioid use in pregnancy, management of maternal sepsis, care of the micropremie, care of the neonatal surgery patient, later-in-life sequelae associated with pregnancy complications, point of care ultrasound in the NICU, immunization in pregnancy, medico-legal issues in perinatology and others.

Learning Objectives

At the conclusion of this activity, participants should be able to:

- Develop strategies to screen, diagnose and treat sepsis in maternal patients.
- Identify and evaluate pregnant and postpartum women for opioid use and treat or refer appropriately.
- Integrate diagnostic point-of-care ultrasound appropriately into neonatal clinical settings.

Target Audience

This is a regional conference designed to meet the education needs of:

- pediatricians
- obstetricians
- neonatologists
- family practice providers
- certified nurse midwives
- nurse practitioners
- nurses
- social workers
- allied health professionals
- physician assistants
